Images of the Past

Professional Development

The SDPB Education staff provides professional development at educational conferences, staff meetings, and school in-service across the state.

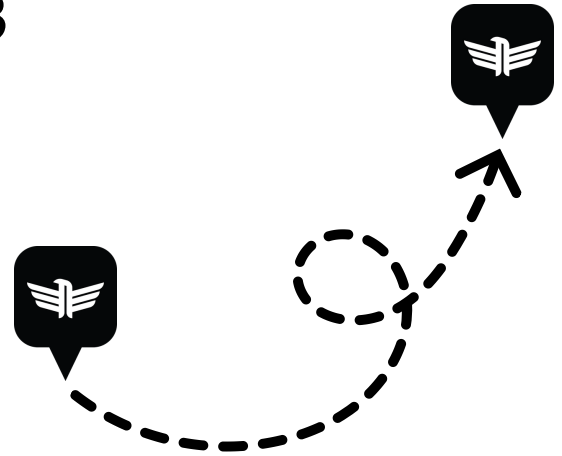

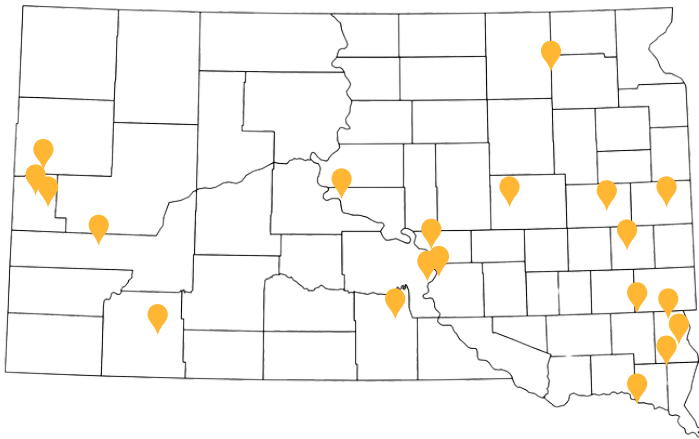

Learning Initiatives

Science Steve's engaging science demonstrations use humor, watermelons, and flying toilet paper to demonstrate lessons on physics, chemistry, anatomy, and more.

Buddy's Early Learning Expedition brings lessons for PreK to museums, libraries, and other public learning centers to introduce parents of young children to the resources SDPB has available to raise successful little learners to prepare them for formal education.

Where We Were 2023
